The OSHA #7505 - Introduction to Incident (Accident) Investigation course introduces basic incident investigation procedures and describes analysis techniques. Topics include reasons for conducting incident investigations, employer responsibilities and the Four-Step incident investigation procedure.

Upon course completion students will have the ability to

- Analyze accidents using proven techniques
- Explain your responsibilities in a workplace accident
- Conduct an effective incident investigation at the workplace

Target Audience: Employers, managers, employees or employee representatives who are involved in conducting incident and/or near-miss investigations.

Language: English
Prerequisites : None
