End Date: 3/27/2020 1:00 PM

WEBINAR

OSHA's Focus Four - Construction Injuries and How to Avoid Them
March 27 / 12:00 pm CST - 1:00 pm

According to OSHA, there were over 4,600 private industry worker fatalities in 2017, over 970 of those in the Construction industry, and more than 1/2 of those attributed to what is known as the "Focus Four";

In this webinar, we'll discuss:

- OSHA's Focus Four
- Most frequently cited standards
- Employer responsibilities for training and hazard recognition
- Keeping workers informed & trained
- Staying in compliance, avoiding citations and providing a safe and healthy workplace
- Additional resources
