NOTE:

This course will be a Live Online Virtual Classroom training course. It will be alive, interactive, virtual classroom delivered right to your computer via the Internet. The instructor will teach live and you will be required to actively participate. You must have web camera and audio capabilities, and your camera must be turned on the entire class time. Access via a smartphone is not allowed.

The OSHA #7505 - Introduction to Incident (Accident) Investigation course introduces basic incident investigation procedures and describes analysis techniques. Topics include reasons for conducting incident investigations, employer responsibilities and the Four-Step incident investigation procedure.

Upon course completion students will have the ability to

- Analyze accidents using proven techniques
- Explain your responsibilities in a workplace accident
- Conduct an effective incident investigation at the workplace

Target Audience: Employers, managers, employees or employee representatives who are involved in conducting incident and/or near-miss investigations.

Language: English

Prerequisites : None
