Registration typically cuts off 48 hours prior to class date.

Registration for the 9/10/20class is Closed.

Excavation Hazard Awareness is a FREE, grant-funded course designed to educate workers about the hazards associated with trenching and excavation work. Participants will be able to identify potential hazards and what steps can be taken to avoid unsafe conditions when working in and near an excavation site.

By the end of this course, participants will be able to:

- Identify common excavation hazards
- State steps to avoid unsafe conditions

Language: This course is taught in English.

Target Audience : Any worker who works in, around, or near an excavation site, perform safety and health evaluations or training, and those who supervise excavation worksites.

Prerequisites : None
