

OSHA 10 Hour for Construction -

Español

Start Date: 10/22/2018 7:30 AM

End Date: 10/23/2018 1:00 PM

The OSHA 10-Hour Construction Safety and Health course is designed to provide entry level construction workers with overview information regarding OSHA, including workers' rights, employer responsibilities, and how to file a complaint. It also provides an overview of hazards a worker may encounter on a job site. Training emphasizes hazard identification, avoidance, control and prevention, not OSHA standards.

This course is taught by OSHA-authorized instructors.

By the end of this course, participants will be able to:

- State work rights
- Identify common worksite hazards
- Contact OSHA to file a complaint

This course is offered in both English and Spanish.

Target Audience : Entry level construction workers

Language: This course is taught in Spanish. It is also offered in English. For English language date availability, please see - OSHA 10 Hour for Construction.
