

Leading Edge FREE Workshop - Nov

Start Date: 11/7/2018 9:00 AM

End Date: 11/7/2018 12:00 PM

A free workshop presented by
3M Fall Protection in collaboration with
Construction Safety Council , OSHA , and the UBC
to help better protect our workers.

Topics Include:

Understanding the leading-edge standard(ANSI 359.14)

Presented by Russ Martin, 3M Fall Protection

OSHA's Regulatory Perspective

Presented by a Local OSHA Representative

Safety Leadership Round Table

Presented by a Panel of Chicagoland Construction Safety Leaders

Safety Demonstrations

The goal of this workshop is to share, collaborate and shed light on a topic that presents unique challenges and demands better understanding in an effort to protect and preserve the lives of our workers. This is not a sales presentation. This is an informational & awareness workshop.
